Miss Emma Felch spent Sunday at the country home of her sister, Mrs. S. D. Culp, of the Island Stock Farm.

H. H. Getz, Thos. Henton and Geo. Longbottom are the committeemen to look after Decoration exercises here.

Carpenters from Leontonia have improved the west end of John Brady's residence with larger windows and new siding.

Mother's day will be observed at the M. E. Church next Sunday, when Rev. D. L. Clark will preach on "The best woman who ever lived."

There will be work in the Methodist graveyard all day Saturday. Let all who have relatives or friends buried there be on hand to work.

An auto car with 10 passengers ran over Morg. DeJanes dog Sunday noon. After being knocked out for half an hour the dog came "too" again.

Mrs. John Summerville was here Saturday morning when on her way to California to buy seeds. They have bought a farm of six acres east of Garfield.

John Barleycorn and Isaac Leisy got into several scraps Saturday night and were yanked into the cooler with bloody heads. The extra deputies kept order at stop 11.

Some important changes have been made at the Millville mine so as to extend the operations of the electric motor to another "change" and facilitate the output of coal.

Ray Miller of Leontonia has invented a flying machine, called an "aeroplane." An experimental test was made with it last week, and it worked O. K. for about 30 feet from terra firma.

At the council meeting last Thursday night, when the stone crossroads were passing through the red tape process, a tramp sat in his bare feet behind the bars and gave some good advice upon the subject of good roads.

Decoration day exercises will be held Monday, May 31. Burnside Post and Ladies of the G. A. R. will decorate the graves in the cemetery, and be addressed by Rev. Father Kirby and Hon. W. E. Warren. In the afternoon the Post and Circle will come to Washingtonville on the 1 p. m. car for similar exercises here.

Court Rose of May, F. of A., had an enjoyable time at their regular meeting Friday night. After the initiation of Dr. S. V. Kennedy, Wm. Stouffer, Lee Matzenbaugh, Arthur Herron, Sam Atkinson, Warren Weikart, Glen Davis and Fred Davis, a bountiful lunch was served and a social smoker was indulged in. Visiting brothers were present from Lisbon and New Waterford. This court now numbers 128 healthy members, a prosperous treasury and a nicely capacious lodge room over the corner store. The grand lodge of Foresters of America will meet in Salem two years hence, and it is expected that Washingtonville will make as good showing as any court outside the cities.

The \$25,000 damage case of G. E. Holt vs. The Peeries Coal Co. on trial at Lisbon was taken from the jury at the close of the plaintiff's testimony Thursday afternoon and settled out of court. By the terms of the settlement Mr. Holt got \$5,000—the balance of the \$20,000 he was paying the coal company \$500. Plaintiff's attorneys get one-third, leaving Mr. Holt \$2,000 to the good. During the progress of the trial Attorney W. S. Anderson caused the expert witnesses for the defense to "feel like 30 cents."

The science of explosions as applied to the Ohio mining laws was thoroughly gone over and Mr. Anderson showed his researches far beyond the expectations of the district mine inspectors. Mr. Holt might have been given a larger amount by the jury yet their verdict might have been appealed from and subjected to the much dreaded law's delays which are calculated to worry the patience of impecunious litigants.

The band practiced again in P. L. Stouffer's grove Sunday afternoon. The pleasant weather and the music attracted a large crowd from town, showing the need and popularity of a band and a pleasure resort near the village. When marching to town the band serenaded Mr. and Mrs. Stouffer for their kindness in allowing the grove for these Sunday outings. While marching past the home of Thos. Heaton, a soldier of the 104th O. V. I., the band played "Marching through the ranks."

And in front of the residence of John E. Longbottom of the 126th O. V. I. and Mrs. S. J. Taylor, a soldier's widow. And not to forget another old soldier of the 104th O. V. I., who is confined to the house with rheumatism, they marched to High street and played a few patriotic airs for J. D. Woods and wife. The band played remarkably well for their limited practice.

Franklin Square school closed last week. Miss Elizabeth Woods of Alliance spent Sunday with relatives here.

The Leontonia peanut wagon, which serves sandwiches, candy, etc., has been located in this village, because we do a more rushing business here. The proprietor is deserving of support, having been injured in the Nathaniel coal mine and being unable to perform hard labor.

John D. Peicht of Locust Grove was here Wednesday on his return trip over the Standard Oil pipe line, which 50 miles of inspection he walks every week. He showed me a vial of the Homeworth oil, whose 3-inch pipe line enters the Standard pipe near the Bonessville schoolhouse.

Two good appearing male members of the Salvation Army canvassed this village last Friday for money to aid the suffering poor of Youngstown. With more than 200 saloons in that city, there should be no suffering poor in Youngstown. If the "wet" argument is expected to hold water.

In spite of two churches which pay neither rent nor taxes and the solemn warning of two graveyards, Mr. H. Rent is driving the legitimate business of the village from the Mahoning county side of Main street to the Columbiana county side, where it has the influence of the public schools, the Erie station and the famous "stop 11." Theology and socialism have seen their best days here; but true christianity will eventually assert itself, and "when sin abounds grace will much more abound."

Richard Wilkinson, assessor of Salem township, has completed his work for this year and on Monday made his report to the auditor and probate judge at Lisbon, from which report we glean the following summary: There are 220 horses, 424 cattle, 8 mules, 798 sheep, 216 hogs; 29 pleasure carriages, 5 watches, and 19 pianos and organs. The total value of the morgs, cattle, etc., is listed at \$25,380. There are 8 new buildings and 68 dogs listed. The total valuation of personal property in this precinct, aside from incorporated companies, is \$88,080. The births and deaths reported for December 1908, were 6 deaths and 12 births. Since December last the physicians made the returns of births and deaths. The crop statistics for last year, as just collected by Mr. Wilkinson, are as follows: 1,195 bu. of wheat, 150 bu. rye, 10 bu. buckwheat, 17,920 bu. oats, 15,890 bu. shelled corn, 7,790 bushels potatoes, 1,075 tons hay, 555 tons clover hay, 34,560 pounds home-made butter, 31,200 lbs. creamery butter, 23,000 dozen eggs, 236 gallons maple syrup, 600 pounds honey, 11,000 pounds commercial fertilizer used, 2,565 bushels apples, 180 bushels plums. Number of live stock to die during year were 4 horses, 4 cattle, 15 sheep, 14 hogs. The total showing is an improvement over the previous year.

Robert Holt, a mine boss at Johnstown, Pa., visited his parents here last week and attended the trial at Lisbon in which his brother Elden was interested.

The Washingtonville band will go to Greenford Saturday night to assist the band at that place in holding their band concert. The Greenford band is an aggregation of good musicians and the people there are justly proud of them.

Eugene Piller has returned from Buffalo, N. Y., where he was sent by Mr. Henry Wick, the Youngstown millionaire, to learn to make and operate automobiles. "Gene" is a French boy from this village and by the aid of a correspondence school and by working as a machinist in the Tod Works, had but little trouble in learning the parts of an auto.

The sixth saloon was established here this week by Archie Ferguson of Leontonia, occupying the room formerly occupied by G. W. Allen for a barber shop. Should old Mahoning county remain "wet" for another three years, and a dozen more saloons be located here, it might prove a difficult problem for our village council to determine at the best plan of expending the tax money.

HANDSOME NEW M. E. CHURCH DEDICATED

With Imposing Ceremonies On Sunday Last
Cost \$25,000 And is One of The Finest
And Most Complete Houses of Worship
In This Quarter of the State.

Canfield Methodists were indeed happy last Sunday when their beautiful new church was dedicated with imposing ceremonies.

The dedication week services began Thursday night with a union prayer meeting in the new structure. Rev. R. E. Pugh, pastor of the Presbyterian church, led the services and all the village ministers participated. After the close of the meeting the Methodist congregation tendered a delightful reception and excellent refreshments were served.

Friday evening an immense crowd attended an organ recital given by Mr. Albert Riemenschneider of Berea, a talented concert organist, assisted by the College Orchestra, under the direction of R. H. Higgins, and Miss Magge, a vocalist, of Girard. The big organ was not at its best on account of unfavorable weather conditions but despite this fact Mr. Riemenschneider succeeded in delighting the audience. The numbers by the orchestra and Miss Magge were thoroughly enjoyed.

Sunday brought dedication day to which the Methodist people and their friends had long looked forward with pleasure.
